### Save Social Security! Join us for a demonstration! Six Actions Remaining this fall

The Wisconsin Alliance for Retired Americans is pleased to announce our Save Social Security actions across Wisconsin this summer and fall, following our popular events this spring.

With Social Security under threat from cuts and privatization, we need to stand up and demand that Social Security be protected, modernized and expanded!

The WIARA has partnered with the American Federation of Government Employees Council 220 to hold demonstrations across Wisconsin. We will be taking action and demonstrating in front of Wisconsin Social Security field offices demanding that Social Security be saved!

# SAVE SOCIAL SECURITY FUND IT, to FIX IT **RALLY**

After years of underfunding, the Social Security Administration has reached a 27 year low in staffing while asked to serve a record high number of applicants, resulting in a burnt out workforce and long service delays.

Tax payers deserve timely service. Congress is starving SSA of the resources it needs. Facing an all-time high in beneficiaries. Congress must restore the SSAs funding to meet public demand.

Rally with AFGE, the Alliance for Retired Americans, US Congressional allies to the program, and the community as we fight to protect, expand, and modernize Social Security. You've earned it!
